Did you know that Thomas Jefferson was the first president to celebrate the Fourth of July at the White House in 1801? Jefferson opened the house and greeted diplomats, civil and military officers, citizens, and Cherokee chiefs in the center of the oval saloon. There was also a festival on the north grounds, complete with horse races, parades, and food and drink.

Did you know that Katie Couric was a senior resident on the Lawn at The University of Virginia and, like all senior residents, lived in room 26? The room was her home during the 1978-79 school year.

Learn many more interesting facts about Thomas Jefferson by participating in a private group tour of both his beloved Monticello and his masterpiece - The University of Virginia, including the Rotunda. Have a typical colonial meal at The Michie Tavern.
