For a yearly membership fee, you will receive quarterly schedules of our activities. Classes, trips, discussion groups, and socials require registration and payment.

There are over 300 such college-sponsored institutes and centers in the U.S., and we are one of the largest in Virginia. Our ILR began in 1993 with 15 interested members, and has had as many as 900 active members from Virginia Beach and surrounding cities. We are housed at the Virginia Beach campus of Tidewater Community College and are in partnership with the Virginia Library system.

ILR membership is open to all who have reached retirement age without regard to race, religion, gender, color, or national origin. Volunteers interested in enriching their retirement years run the organization, with the help of one employee who sees to the business of operation.

### **What does it cost?**

ILR members pay an annual membership fee of \$20. Each class selected costs \$14 per two-hour session. The ILR social, membership, and travel events are priced accordingly.

### **Programs**

The schedule for classes and trips is offered by quarters (Jan-Mar, Apr-Jun, Jul-Sep, Oct-Dec). Members can register for programs as soon as the schedule is mailed or posted on the ILR website. ([ilrvb.org](http://ilrvb.org) > current forms&flyers)

Members register for the classes and activities that interest them. Topics are drawn from the arts, social issues, science and technology, history and world affairs, and health-related subjects. ILR also has special interest groups that organize as members express interest. Currently we have SITESEERS, who discuss travel, and the ILR Book Group, Great Books and Great Decisions. Call the office for contact information about these groups.

Our classes are usually two-hour presentations. Each calendar quarter, ILR offers 20 to 25 different classes

planned by our Curriculum Committee. Classes meet Monday through Thursday in either the morning (10-12) or afternoon (1-3). Area college and university faculty teach many of our classes, but area experts and our members deliver others. **All classes are taught on the TCC Virginia Beach Campus and/or Zoom** unless otherwise specified. (See Registration form for Location details.)

### **Social and Travel Opportunities**

Socializing is an important aspect of ILR. The Social Committee plans luncheons, visits to museums, and holiday events. The Membership Committee organizes periodic Lunch & Learn gatherings and New-Member Get-Togethers. The Travel Committee plans both day and overnight bus trips.

### **Class Cancellations**

If a member cancels a class by phone or email at least 4 business days in advance, during business hours (9:30-3:30p.m., M-F), the member may choose either a full-value account credit or a refund check minus a \$2 administrative fee. For trips, the refund will vary according to the individual trip policy. (The \$2 administrative fee also applies.) The member will receive a refund check. If the ILR cancels a program, the member may choose a full refund or account credit.

Dear ILR Members,

We are happy to continue offering April & May classes both at the Tidewater Community College Virginia Beach Campus and via Zoom. Please be aware of the following:

---

**COVID Protocols:** ILR will be following all CDC, State and TCC COVID protocols that are applicable at the time of the classes. In addition, whether we are using the ATC or Pungo Auditorium, both are large enough to allow plenty of social distancing and TCC will do COVID-level cleaning between classes. Your health is our primary concern and we will provide email updates as they become available.

---

**Types of Class Presentations:** During this time of transition, ILR plans to offer the following class presentation options, based on the speaker's availability. To determine how your chosen class will be presented, check the "Location" line of the class descriptions given in this schedule. Also, on the Registration form, the "Location" column will show either "TCC-Z" or "Zoom Only".

- ❖ **TCC/Zoom:** (TCC-Z) These classes will be offered in-person at TCC AND on Zoom simultaneously. The speaker will be at TCC. Zoom participants will be able to see the speaker's slides and hear the speaker. The speaker may walk away from the limited scope of the camera, so their face may not be visible all of the time. Questions may be asked through Zoom or in-person. The Zoom link will be sent to **all** who register. **Each Member** may decide which method of class attendance is preferred. You do not need to notify the office in advance of your choice, simply plan to be either at TCC or at your computer before class begins.
- ❖ **Zoom Only:** These classes will **only** be offered via Zoom. Registered members will be sent a Zoom link to access the class.

**Face Coverings:** TCC requires face coverings inside buildings, especially in common areas where physical distancing is difficult (hallways, restrooms, breakrooms) and in classrooms, libraries and labs.

**Photography:** The ILR reserves the right to take photographs or videos during the operation of any program or part thereof and to use them, whether taken by a representative of the ILR or by other participants, for promotional purposes. By enrolling in an ILR program, participants agree to allow their images to be used in such photography; participants who prefer that their images not be used are asked to identify themselves to program staff and the photographer at the commencement of their program.

*Amazing Classes Await. Let the Fun Begin!!*

Dorman will relive his life as the Commander of the submarine USS Silversides which commenced a successful Arctic deployment highlighted by surfacing his attack submarine at the North Pole on 11 October 1981. During his eight years as one of the Navy's experts on Arctic Warfare, the Navy's emphasis shifted from exploring to developing an Arctic Warfare capability. As Officer in Charge of remote floating ice camps, he supervised many exciting events: recovery of torpedoes through up to twenty-five feet of sea ice, escorting polar bears away from manned ice camps, and submarine rendezvous at the North Pole, among others.

As an Ensign, he completed training in the Naval Nuclear Propulsion Program and Naval Submarine Program. Following many overseas deployments, he returned to Norfolk in 1989 as Commander Oceanographic System Atlantic in charge of the undersea surveillance system supporting the Atlantic Fleet ASW forces. **Date and Time:** Wednesday, April 6, 10:00 - 12:00

**Date and Time:** Thursday, April 7, 1:00 p.m. - 3:00 p.m.

**Location:** TCC and Zoom

**Course Description:** Most Americans know Lord Charles Cornwallis, if they know him at all, as the British General who was defeated at Yorktown in 1781 and surrendered to General George Washington and his Continental Army. One of Great Britain's most outstanding British Army officers and colonial administrators, Charles was born into a wealthy and aristocratic English family and groomed from the outset for leadership. Who was Lord Cornwallis? Why do Americans know so little about him? Was he the failure that Americans are taught to believe? Learn the answers to these and other questions.

**Speaker: Randy Flood** is a historian and co-founder of The *Real* American Revolution, a nonprofit organization established to educate citizens about the American Revolution. Randy began his career serving on the staff of the United States Senate and has taught courses about politics and the legislative processes at numerous colleges and universities in the Washington area. ### **Course Title: The Psychology of Money**

**Date and Time:** Tuesday, April 12, 1:00 p.m. - 3:00 p.m.

**Location:** TCC and Zoom

**Course Description:** Doing well with money is not necessarily about what you know. It is about how you behave, and behavior can be hard to teach. Money matters (investing, personal finance, and business decisions) are typically taught as a math-based field, where data and formulas tell us exactly what to do. In the real-world, people do not make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together.

**Speaker:** **Justin Chastain** is a Financial Wellness Manager and Vice President at Southern Bank. He has been teaching financial wellness classes in the area for many years.

### **Course Title: The Siege of Petersburg**

**Date and Time:** Thursday, April 14, 10:00 - 12:00

Al is the author of five books on local history. Since 2003 he has owned and operated his own business: Histories and Haunts, LLC.

### **Course Title: When Art Speaks: Discovering the Messages of Art**

**Date and Time:** Tuesday, April 19, 10:00 - 12:00

**Location:** TCC and Zoom

**Course Description:** Since pictures were drawn on cave walls, art has been used to communicate. What have been the messages? Who are the readers? When is a pretty picture more than a pretty picture? Bring your eyes ready to listen when Maureen Harms brings us message-sending art from the Chrysler.

**Speaker:** **Maureen Harms** is a master docent at the Chrysler Museum of Art. Her interest in art began when she and her husband lived in Europe where they explored one museum after another. She continued to deepen her knowledge of art and art history through university coursework and by joining the docent program at the Chrysler Museum of Art.

**Speaker:** **Dr. David Neff** has degrees from Jacksonville University, Old Dominion University, and a Doctorate from George Mason University. He has been a full-time history professor at TCC for twenty-six years and has also taught as an adjunct professor at both Old Dominion and Christopher Newport Universities. He has been published in both the Encyclopedia of Virginia History and the Dictionary of Virginia History and Biography. **Course Title: Jazz – Past, Present and Future**

**Date and Time:** Thursday, April 28, 10:00 - 12:00

**Location:** TCC and Zoom

**Course Description:** The term “jazz” has been used to describe many distinctive styles of music over the past one hundred plus years. Historians note that jazz is a truly American art form, perhaps America’s most significant contribution to the world of art! Let’s take a look at how this phenomenon got started, how it has developed, the various styles and musicians that have steered this development, and where it might be headed.

**Speaker: Steve Ambrose, Ph.D.,** holds a Doctorate Degree from the College Conservatory of Music, University of Cincinnati. **Course Title: Cities of South and East Asia**

**Date and Time:** Monday, May 2, 10:00 – 12:00

**Location:** TCC and Zoom

**Course Description:** Cities of South Asia are among the largest in the world. We will examine them using cultural landscape analysis, with an emphasis on the cities of India, particularly Mumbai and Delhi, as we look for clues to the economic, cultural, political, and environmental values of the people who shape urbanism on the sub-continent. For East Asia, we will focus on the cities of one country: Taiwan. We will focus on one aspect of the cultural landscape: the urban sidewalk, its form and function, its relationship to the stores and streets that border it, and its ability to handle often problematic flows of people and their conveyances.

**Speaker: Dr. Don Zeigler** is a retired professor of Geography. He has traveled widely and has been a Fulbright scholar in Morocco. He served as president of the National Council for Geographic Education in 1977, and president of the International Honor Society in Geography. He has received numerous awards. His Ph.D. is from Michigan State.

**Course Title: Baron Steuben**

**Date and Time:** Thursday, May 5, 1:00 p.m. - 3:00 p.m.

**Location:** TCC and Zoom

**Course Description:** Baron Friedrich Wilhelm de Steuben, known as the “Drill Master of Valley Forge,” is remembered as having trained General George Washington’s Continental Army during the Revolutionary War. Born in Prussia—what we call Germany today—Steuben was one of the very elite Prussian officers selected by Frederick the Great to train and build his Prussian Army. One of many international officers from

multiple countries who were recruited by Silas Deane, Benjamin Franklin and Pierre Augustin Caron de Beaumarchais to help the American cause, Steuben soon became an integral part of General Washington's command structure—continuing to train American troops and involving himself in logistics and supply operations. Who was Baron Steuben? Why do most Americans inaccurately refer to him as “Von” Steuben? Learn the answer to these and other questions.

**Speaker:** **Randy Flood** is a historian and co-founder of The *Real* American Revolution, a nonprofit organization established to educate citizens about the American Revolution. Randy began his career serving on the staff of the United States Senate and has taught courses about politics and the legislative processes at numerous colleges and universities in the Washington area. Currently, he resides in Williamsburg where he is working with the Washington Rochambeau Revolutionary Route Association to educate teachers, students and communities about the national historic trail that the armies of Generals Washington and Rochambeau traveled to entrap Lord Cornwallis and his British army at Yorktown.

**Course Title: Secret Installations & Activities in the Old Dominion & Its Neighbors**

**Date and Time:** Monday, May 9, 10:00 – 12:00

**Location:** TCC and Zoom

**Course Description:** There is always tension, especially in government, of the public's right to know and government's responsibility to keep the country safe. There are rigid structures (security, clearances or compounds) built to protect those secrets and others more fluid (ITAR, EAR, OPSEC). No CLASSIFIED content will be presented. This lecture will focus on examples of facilities relatively “nearby” that have been considered secret in the recent past. For example, in nearby White Sulfur Springs, West Virginia, the fashionable resort Greenbrier's vast underground bunkers for Continuity of Government (COG) were only recently exposed.

**Speaker:** **Dr. Robert Baxter** is a native of Tidewater Virginia and currently a volunteer Contact Ranger & Historical Interpreter with False Cape and First Landing State Parks, and the Virginia Association of Parks. He holds a Dr. of Education & Master of Education degrees from UVA, and a BA in History from ODU. Half of this graduate work was in History. ~~**Course Title: The Value of Philosophy for Everyday Life**~~

~~**Date and Time:** Tuesday, May 17, 1:00 p.m. – 3:00 p.m.~~

~~**Location:** TCC and Zoom~~

**CANCELLED**

~~**Course Description:** For the ancient Greeks, philosophy was not merely a theoretical exercise. The true philosopher or “lover of wisdom” was committed to living a contemplative and self-disciplined life in the pursuit of truth. The dedicated practice of philosophy promised not only a deeper understanding of oneself and the world, but the ability to meet life’s challenges with serenity and courage. But over the centuries, philosophy retreated into the university, where it became a purely academic study having little to do with the concerns and problems of people’s actual lives. The 20th-century British philosopher Bertrand Russell noted this shift. Writing in the shadow of the Second World War and the looming threat of nuclear holocaust, Russell spoke of the urgent need to recover the practice of philosophy in everyday life. It is wisdom that we need more than ever, he wrote, “if the new powers invented by technicians are handed over by them to be wielded by ordinary men and women, are not to plunge mankind into an appalling cataclysm.”~~

~~**Speaker:** **Dr. Steven Emmanuel** is the Dean of the Susan S. Goode School of Arts and Humanities at Virginia Wesleyan University. He received his Ph.D. from Brown University and his Bachelor of Arts from Boston University. He was a Fulbright Fellow at the University of Copenhagen from 1985-1986.~~

Basil Hero describes key life lessons that readers can gain from these honorable men whom he calls the Eagles. He describes how they mastered their emotions and learned to conquer their fears through techniques that can be used from the classroom to the boardroom.

**Speaker:** **Basil Hero** is an award-winning former investigative reporter with NBC News television stations. After leaving journalism, he founded Broadway Digital Entertainment, which digitally restored what the *New York Times* referred to as “television’s crown jewels” – priceless masterpieces such as *The Iceman Cometh* with Jason Robards and Robert Redford. ## **Course Title: Overcoming Amnesia: Uncovering the Forgotten History of Two Families**

### **Linked by Slavery**

**Date and Time:** Monday, May 23, 1:00 p.m. - 3:00 p.m.

**Location:** TCC and Zoom

**Course Description:** At this time of racial reckoning in America, a descendant of Virginia slave owners makes the case that before we can achieve racial reconciliation, we must confront the truth about our fraught racial history. That means not papering over the past to avoid making white people uncomfortable, but just the opposite: laying bare our true history to enable uncomfortable conversations about slavery, America’s original sin, and its enduring legacy. This is the story of an odyssey of discovery about Bill’s slave-owning family, their slaves, and those slaves’ descendants.

**Speaker:** **Bill Sizemore** is retired after a 43-year career in journalism, most of that time at the *Virginian-Pilot*, where he was a Pulitzer Prize finalist in 2007. He is the author of *Uncle George and Me: Two Southern Families Confront a Shared Legacy of Slavery*

**Date and Time:** Thursday, May 26, 10:00 - 12:00

**Location:** TCC and Zoom

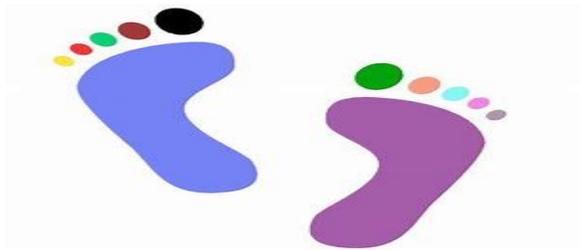

**Course Description:** Strategic competition from China and Russia has emerged as one of the central challenges to the U. S. The 2018 National Defense Strategy states, “We are in a heated competition with adversaries who do not share our values, do not respect national sovereignty, and are actively working to undermine the international rule of law that we have safeguarded since 1944. Just as American weakness invites challenge, American strength and confidence deters war and promotes peace.” It is the U.S. Navy that needs to provide the credible combat power to dissuade our adversaries from undermining the basic order that has enabled relative world prosperity.

**Speaker:** **Captain Dan Packer** is the Director for Plans and Policy for Commander, Submarine Forces and Joint Force Maritime Component Command for Strategic Command, and Chief of Staff for NATO’s Allied Submarine Command. In this role, he is the chief strategist for the U.S. Submarine Force, developing strategic plans for both conventional undersea forces and the nation’s maritime strategic nuclear forces.
