

**Tour of Maya Lin: A Study of Water**  
**Presented by the Virginia Museum of Contemporary Art**

Please join your fellow ILR members for a guided tour of this very special exhibit. Maya Lin is one of the most renowned visual artists of our time, beginning her nationally recognized career at the age of 21 with **the creation of the Vietnam Veterans Memorial in Washington, D.C.** Water has always been an important subject of Lin's environmentally focused artistic works spanning several decades. Her works not only invite discovery, but also encourage contemplation about the many ways in which we need water and manage its powerful bearings on our environment.

**DATE and TIME: Friday, July 8, 2022. Two 45 minute tours are offered, 10:15 and 11:15.** Please make your choice when you register. Maximum size for each tour is 20 participants.
