## **ARLENE INGRAM – Secretary**

Arlene has been a member of ILR for eleven years following a 35-year career in education as the assistant head of school and director of college counseling at Cape Henry Collegiate School. After graduation from college, in the dark ages, Arlene did what most women could do at that time, she married John and then went into the field of education for five years (until they made her quit when she was pregnant). Then two darling, adorable babies (now fully launched, independent adults) consumed her time; that is, when she wasn't finishing her master's degree, one course at a time. The Ingrams were broke so Arlene went back to work and landed in a job that she dearly loved, counseling students for college. While working this high pressure, demanding job, she was also very active in her professional organizations serving in every leadership capacity possible (Treas., Sec'y, VP, Pres, etc. etc.) earning nice recognitions along the way (that are now in the closet).

As an ILR member, Arlene has served on the Curriculum Committee and as member and chair of the Travel Committee. She has enjoyed mentoring leaders to ensure that an organization stays strong and healthy. Arlene served as ILR Secretary this past year and looks forward to serving next year.

She then spent 12 years performing various accounting and finance functions for a regional banking organization.

Sandy and her husband enjoy traveling with a goal of visiting each state in the U.S. and each continent on the globe.
